

## DEA Demand Reduction Coordinators by State/Territory

While the Drug Enforcement Administration's primary function is to enforce the nation's federal drug laws, we understand that law enforcement alone cannot solve America's drug problems. DEA Demand Reduction Coordinators work with individuals and groups such as community coalitions, civic leaders, state and local drug use prevention organizations, treatment experts, and the general public, and they provide DEA's unique expertise in the areas of intelligence and enforcement. By joining DEA's law enforcement credibility and insights with communities' know-how, drug use prevention efforts have been strengthened in urban, suburban, and rural areas across America.
